

## **Tempe/Guadalupe Earned Income Tax Credit Initiative**

# **Make the Most of Your Tax Refund Free Classes Offered at Arizona Mills Mall**

This year, the Tempe EITC Initiative is teaming up with Newtown CDC and the City of Tempe Housing Services to provide asset development classes to hard working individuals and families. Our long-term goal is to help working people like you purchase a home in our community.

Beginning February 12, we will be offering a free 2-hour class on understanding, establishing and repairing credit, the first step toward homeownership. Participants will also learn how to use part of their tax refund to leverage federal dollars for down- payment assistance. Classes are open to the general public and are available in English.
